

Battery Applications

UPS Systems - Mission Critical Power Needs

- EnerSys DataSafe
- C&D Max Rate
- GNB Sprinter
- CSB HRL
- Fiamm FLX
- NorthStar NSB
- East Penn Deka

Telecom and Broad-band Communications

- EnerSys PowerSafe
- C&D TEL
- NorthStar NSB FT
- Fiamm FAT SoNick
- GNB Marathon

Renewable Energy - Off Grid and Grid Tie

- Trojan RE
- Rolls Surette
- Fullriver DC
- U.S. Battery

Switchgear - Security and Control

- EnerSys PowerSafe
- NorthStar NSB
- Fiamm SoNick

Emergency Lighting

- EnerSys VRLA
- C&D VRLA
- PowerSonic VRLA
- CSB VRLA

Generator System Starting

- NorthStar AGM
- Full River HC
- SPS Extreme Series

Industrial Batteries Required

Serving the Airport Industry, where do you turn for your industrial battery needs? There isn't an airport facility out there today that survives without batteries. Stationary Power Systems, Inc. (SPS) is an industry leading battery distribution and service company that specializes in mission critical equipment battery back-up. We offer the very best in products and services, supplying all your critical equipment needs. SPS is your single source solution to support UPS Systems, Telecom, Renewable Energy, Switchgear, Emergency Lighting, Generator Starting and every other Battery Applications. We've got your back !

SPS Battery Solutions and Services

As a Master Distributor for many of the industry's top battery manufacturers, SPS provides you with a broad portfolio of product options, extensive distribution network and pricing second to none. Batteries and battery system solutions has been our business for over 50 years. We offer batteries to our customers at wholesale prices, providing service and support to meet your airport facility needs and demands. For your business, this means 24/7 uptime peace of mind.

From specialty battery solutions to critical power needs SPS provides the best industrial batteries available. Manufacturers such as EnerSys / C&D / Exide GNB / East Penn / Fiamm / Trojan / Rolls Surette / Fullriver / U.S. Battery / CSB / PowerSonic / UPG along with battery accessories and more. Coupled with a second to none network of 70+ facilities throughout the west we have the products you need and guarantee outstanding service that will keep your operations backed-up and running smoothly and always ready for the unexpected.

Additional Products & Services Available
