

Battery Applications

UPS Systems - Mission Critical Power Needs

- EnerSys DataSafe
- C&D Max Rate
- GNB Sprinter
- CSB HRL
- Fiamm FLX
- NorthStar NSB
- East Penn Deka

Telecom and Broad-band Communications

- EnerSys PowerSafe
- C&D TEL
- NorthStar NSB FT
- Fiamm FAT SoNick
- GNB Marathon

Renewable Energy - Off Grid and Grid Tie

- Trojan RE
- Rolls Surette
- Fullriver DC
- U.S. Battery

Switchgear - Security and Control

- EnerSys PowerSafe
- NorthStar NSB
- Fiamm SoNick

Emergency Lighting

- EnerSys VRLA
- C&D VRLA
- PowerSonic VRLA
- CSB VRLA

Generator System Starting

- NorthStar AGM
- Full River HC
- SPS Extreme Series

Industrial Batteries Required

Serving the Electrical Industry, where do you turn for your industrial battery needs?

There isn't an industrial facility out there today that survives without batteries.

Stationary Power Systems, Inc. (SPS) is an industry leading battery distribution and service company. To help you succeed in supplying all your customers needs, SPS is your solution for Industrial Batteries.

Providing the best stationary battery product on the market to support UPS Systems,

Telecom, Renewable Energy, Switchgear, Emergency Lighting and Generator starting and battery applications, SPS has you covered! With 70+ warehouse facilities, we have your batteries when and where you need them.
