Battery Applications

UPS Systems - Mission Critical Power Needs

- EnerSys DataSafe
- C&D Max Rate
- GNB Sprinter
- CSB HRL
- Fiamm FLX
- NorthStar NSB
- East Penn Deka

Telecom and Broad-band Communications

- EnerSys PowerSafe
- C&D TEL
- NorthStar NSB FT
- Fiamm FAT SoNick
- GNB Marathon

Renewable Energy - Off Grid and Grid Tie

- Trojan RE
- Rolls Surrette
- Fullriver DC
- U.S. Battery

Switchgear - Security and Control

- EnerSys PowerSafe
- NorthStar NSB
- Fiamm SoNick

Emergency Lighting

- EnerSys VRLA
- C&D VRLA
- PowerSonic VRLA
- CSB VRLA

Generator System Starting

- NorthStar AGM
- Full River HC
- SPS Extreme Series

Industrial Batteries Required

Powering your Data Center lifeline business, where do you turn for your industrial battery needs? There isn't a mission critical facility out there today that doesn't survive without batteries. Stationary Power Systems, Inc. (SPS) is an industry leading battery distribution and service company that specializes in risk reduction. We offer the very best in products and services in supplying all your critical equipment battery needs. From UPS to communication equipment or Generator starting, even Lighting Inverter, Switchgear, Fire Suppression, Security Controls, and monitoring there's not a single battery you currently use that we can't supply. We bring the power to back you up!

SPS Battery Solutions and Services

As a Master Distributor for many of the industries top battery manufactures, SPS provides you with a broad portfolio of product options, extensive distribution network and pricing second to none. Batteries and battery system solutions has been our business for over 50 years. We offer batteries to our customers at wholesale prices, providing service and support to meet your system infrastructure needs and demands. For your business, this means 24/7 uptime piece of mind.

From specialty battery solutions to critical power needs SPS provides the best industrial batteries available. Manufactures such as EnerSys / C&D / Exide GNB / East Penn / Fiamm / Trojan / Rolls Surrette / Fullriver / U.S. Battery / CSB / PowerSonic / UPG along with battery accessories and more. Coupled with a second to none network of 70+ facilities throughout the west we have the products you need and guarantee outstanding service that will keep your operations up and running smoothly and always ready for the unexpected.

Additional Products & Services Available

- Battery racking and cabinet solutions along with a multitude of battery accessories
- IEEE compliant full turn-key battery installation, testing and maintenance services
- Battery removal, disposal and EPA certified recycle services
- Warehousing distribution, pick-up and delivery services
- SPS is your single source solution for all of your industrial battery needs!
